Bureau of Police Research & Development, MHA

Vol.1, No.16, Jan to Mar, 2024

## From the Director's Desk

I'm delighted to present the latest E-edition of CDTI Chandigarh's quarterly newsletter, covering the period from January to March 2024. This quarter has been particularly significant as we've dedicated our efforts to delivering training on the latest criminal laws, ensuring that Chandigarh Police officers and those from our client states are well-informed and equipped to handle the evolving legal challenges.

For over fifty years, CDTI Chandigarh has been at the forefront for providing training to in-service police officers from various ranks across the nation. Our commitment to excellence goes beyond conventional police training, as evidenced by our expansion into training programs tailored for judicial officers and Public Prosecutors since 2018. These programs cover a wide range of topics related to investigation and law, with a primary focus on enriching participants' knowledge and skills to enhance the quality of their investigative practices.

The e-Newsletter helps us to reach out to the stakeholders and keep them informed about the course and other activities being undertaken at the institute. I look forward to suggestions from readers to make the training modules better and more enriching.
